11. Final Recommendation

Respectful Request to Father

Father, I am not choosing this emotionally. I studied the distance, rent, deposit, safety, internet, water, and future MBA plan carefully. This house is only for about one year. After graduation, I plan to move abroad for an MBA. So this is not a permanent expense; it is a temporary investment for better productivity, health, projects, and preparation. Please review it and share your opinion. I will pay advance only after you are comfortable with it.
